To -

P. N. Krishna Murti Esq., B.L., C.I.E.,
Dewan of Mysore.

Honoured Sir,

We the undersigned residents of the Malleswaram extension of the Bangalore City beg most respectfully to approach your excellency with this humble memorial trusting that the same will receive your excellency's favourable consideration.

We have to submit to your excellency that the recent order of Government directing the recovery of the cost of building sites granted to Government officials in the Malleswaram ~~extension~~ and Basavangudi extensions by deduction of a tenth of their pay every month operates very hardly on the poorer classes of officials. These are times when the prices of food grains have gone so abnormally high that many of the officials find it impossible to meet their daily necessaries even with their entire pay. Besides, they have already had to pay a tenth of their pay for the insurance premium and a fourth for the instalment for the house building advance and after these two payments they will have only 13/20th or a little more than half of their pay and if from this small ~~amount~~ remainder another one tenth of pay is deducted towards the cost of sites, there is no doubt that their difficulties will be aggravated and living

becomes

5

becomes an utter impossibility. Many of the officials are hard put and badly in debts on account of their having undertaken the task of building houses without any experience or knowledge whatever of the attendant difficulties and unless the Government sympathise with them and extend to them the kindness which they have been most anxiously looking for, they will have to continue to suffer the bitter hardship.

Under these circumstances we venture to approach your excellency with a prayer that your excellency may be pleased to reconsider the order above referred to and to direct the recovery of the cost of building sites due by Government officials after the instalments for house building advances are all completely paid up and in continuation of the same by deduction of a fourth of their pay.

As the current month is drawing to a close we trust that this humble memorial of ours will receive your excelleny's early and favourable consideration, although there are pressing and more important demands on your excelleny's valuable time.

We beg to remain,

Honoured Sir,

OFFICE OF THE SUPERINTENDENT

Bangalore dated 25-Feb 1901.

From

To

The Secretary to the Government of Mysore,
Gen. & Rev. Depts.

Sir,

I have the honor to for-
-ward in original and (triplicate)
return, with the decision of
Government, petition received
from Officials employed in
the Revenue Survey Head
Quarter Office Bangalore
together with Memo No 300 of
the 22nd Instant from the Asst

Assistant Superintendent in charge, accompanied by a list (marked A) of Petitioners showing balance of pay left with each after deduction of Building advance, Life Insurance and Court attachment, together with the present deduction of value of sites.

2 The first and last Columns in List A show at a glance the effect of the above various deductions on each man's pay.

3. There can be no doubt that the less highly paid officials will be put to

to grave discomfort of living if the value of sites has to be deducted.

4 The prayer of the Petitioners is that the deduction on account of sites may be deferred until the deductions now being made under other heads as shown in List A are completed.

5 If Government be pleased to accede to the prayer of the Petitioners I think it will be a merciful act. I would be glad to see the concession asked for extended to all officials but if it be made applicable

to

to all drawing only Rs 25 or under it will be a great boon.

6 Whatever order Government may be pleased to pass should be made applicable to all officials in the Survey Department and not only to the Petitioners.

Respected Sir,

We the undersigned officials of your honor's office, most respectfully submit the following grievances for your kind Consideration and for such support as you may deem

our

our case to be deserving of.

We have all taken up sites in the Basavarajpuram and Malleswaram extentions of this city, and have built houses. It is needless for us to bring to your notice the many difficulties which one who builds a house experiences. Whatever it may be in the case of moneyed men, it is and has been sadly proved to be unwise of poor officials to undertake such acts. We are all men of no means at all except what we earn from our Government service. Many of us would never have dreamt of building houses but for fear of plague and the good will and inducements offered by Government. The one year's advance of pay generously granted by Government to many of us, has not been, in most cases, we are sorry to submit, sufficient even for completing foundations and basements,

basements, and you will thankfully
pleased to see that of necessity we
have had to supplement the
Government advance largely
from other sources, and with all this,
for fear of being run into further many
troubles and anxieties, many of
us have not been able to complete
the houses.

As things now stand, out of
our small salaries, two deductions -
one towards insurance and the other
towards House building advance
are already being made by Government.
With plague and the consequent
famine rates at which the necessaries
of life are sold, many of us, who have
to support large families, are already
already famine stricken. When we
are moaning over these troubles
another demand has come upon
us. viz. the value of sites - also to be
deducted

deducted out of our pay. Considering the hardship of the present times, we hoped that our being in Government would allow money upon us. not that we grumble to pay our dues but we earnestly request that the cost of building sites may be recovered from our pay after the House building advances have been liquidated.

Should your honor think that our prayer is not unreasonable we beg you will kindly see your way to move the proper authorities for a reconsideration of Government Order No 38–60 Fr. 497.

— for which act of kindness we will ever pray for your honor's long life and prosperity. —

We beg to remain

N.º 300 Bangalore 22nd Feby: 1901

R.N: 690 25-2-01.

Forwarded to the Superintendent Mysore Revenue Survey.

This is an appeal against Bangalore D.C. Commissioner's Circular R.º 182 of 4th Feby: 1901, directing Heads of Departments to recover from the pay of Officials who obtained building sites in Basavanpuri and Malleshwaram Extensions, the cost of the sites by monthly instalments of one-tenth of their pay. What the petitioners now desire is, that the cost

Cost of the sites be recovered from them after they have paid up the Building Advances.

2. There is no doubt that the recovery of cost of sites in the manner directed by the Dy Commissioner, will press very heavily on men drawing small pay, who through fear of Plague, & the facilities offered by Government were induced to build houses without counting the cost.

3. The undersigned begs to attach a statement of the pay and the re= coveries from pay of the men who received advances, and from which it will be seen that in some cases very little is left to them to live on, and it seems reasonable that the recovery of cost of sites should be deferred till the present de= mands on their pay for advances be duly paid.

From

To

The Secretary to the Government of Mysore,
Gen. & Rev. Depts.

Sir,

I have the honor to submit for the consideration of Government a petition received from certain officials of the Survey Head Quarter Office. I am not able to express any opinion upon the points raised which seem to comprise amongst others the recovery of the

the value of sites a subject on which I addressed Government in my letter No 606 of the 25th Instant.

Through the Survey Superintendent

Sir

The undersigned officials of the Revenue Survey office who have built houses in the Hallasoora Extension, Bangalore City, most respectfully pray (1) that the Sites that were given them along the 2nd Main road be not considered bazar ones, (2) that the Progressive rates of Value fixed for them be kindly cancelled (3) that some Concession be shown in the rate of Value for those that have taken up Sites in the above extension (4) that the Value of Sites be kindly ordered to be recovered after the House building advance is Completely liquidated, for the following reasons.

(1) The Sites given them, measure 30' by 120' just as bazar Sites in the same road. This is the only reason that can be adduced in favour of their being considered to be bazar Sites. But there are many ~~reasons~~ circumstances which go to show that they are not so. Viz

(a)

(1) (a). if they were bazar sites, more than one would not have, as now, been allotted to one individual, in accordance with Govt. Proceedings No. X dated. and no plan of ours without a bazar frontage should have been approved.

(b) if all the sites along the 2nd main road were bazar sites, the Deputy Commissioners would not have informed your humble petitioner that the sites in the above road from the 9th to the 11th cross roads only would be considered bazar sites and the rest ordinary ones.

(2)(c) No Progressive rate of Value is fixed for bazar sites in the Proceedings quoted above.

(3) Value for sites in the Mallasuar and Basavangudy Extensions has been fixed at the same rate, apparently on the ground that the sites in the two extensions are of the same dimensions. But the following circumstances have also kindly to be considered in fixing the values of sites.

(a) Whether one extension is as good as the other. The Govt. in one of the Proceedings say that "a sweep of Malaria is passing through Bangalore and especially over Mallasuaram Extension" and it is clear from the above that Mallasuaram is not as healthy a locality as Basavangudy Ext.

(b) The Public being discouraged by the above Proceedings of Govt. are persuaded to take up sites in Basavangudy Extension which

(3)

(6). which shows a rapid progress, while Mallasuaram shows very little or no progress whatever. And no private individuals or merchantile class have taken up sites & build houses here.

(C) Mallasuaram Extension is out of the town and all those that live there cannot conveniently get the daily necessaries of life on their way home from office as those that live in Basavangudy Extension can conveniently do.

(d) The market value of sites in Mallasuaram Extension is not ~~the same~~ as high as it is in Basavangudy Extension. This is evident from the following fact that sites were sold for Rs 40/- each on an average by auction at Basavangudy extension, but sites of the same dimensions at Mallasuaram were sold on an average for Rs 18 each (below the rate of value fixed for a site).

4. Your humble petitioners are grateful for the benevolent object and action of Govt in forming the two Extensions at a time when Plague was raging in Bangalore and for granting them an advance of one year's pay to enable them to build houses of their own. But this object of Government has not completely been realized, as many of them of poor means and salary, could not complete their houses with the advance they got from Govt, but had to go in for debts from private individuals.

So

19

So they have not only to liquidate debts due to Govt and private persons, but also maintain themselves and their family with the amount they get from Government in the shape of pay. Since nearly half the pay is deducted towards advance and Insurance premium ~~&~~ very little margin is left for them for their maintenance

Under the circumstances represented Your humble petitioners pray that you will be pleased to move the Govt on the subject, to graciously reconsider the orders passed by Govt with regard to (1) Value of sikes, (2) the boundary of Bazar sikes and (3) the recovery of the value of the sikes.

For which act of kindness the petitioners will, as in duty bound, ever pray for your long life and increased prosperity

Sir, With reference to Government Pro: Nos. 4938-40 FL497 and 301-2 L527 dated 27th December 1900 and 16th January 1901 respectively directing the recovery from the officials of the value of house sites taken up by them in the Basavan-Gudi and Malleswarm extensions of the Bangalore city by monthly instalments not exceeding 1/10th of their pay, the minimum instalment so recoverable being not less than one Rupee a month, I have the honor to state that as the Government order is now worded recoveries are not made at a uniform proportion of the pay but vary from 1 Rupee upwards to 1/10th of the pay. I beg to be informed whether it is the intention of Government to allow full discretion to the heads of Departments and offices to fix the amount of deduction in each individual case at any figure between the minimum of one rupee and the maximum of 1/10th the pay and whether this office can accept such deductions without any question.

of Mysore P.W.D Department
Bangalore

Respected Sir,

We the undersigned officials of your department most respectfully beg to bring to your kind notice that under Govt Pro: 5301-2 dated January 01 we are required to pay Rs 527 monthly towards the value of sites we have been given in Malleswaram and Basavanagar Extensions Bangalore, 1/6 of our pay together with the instalment viz 1/6 of our pay towards the adjustment of advance made for building purposes which latter we have already been paying monthly.

With reference to the above Govt Proceedings we humbly beg to represent that in these days of scarcity and the pressing difficulties to which we have been put, our poor salaries can hardly bear this two fold stream as certain deductions are made monthly for Insurance also. It will thus be seen that in all we have to pay very nearly half the salary towards these items viz 1/6th of

sites

29 sites and 1/4 for house building advance which if is hardly necessary to add re-duces us to great straits and makes us run into debt.

The Govt. have full control over the property in the two Extensions until the claims they have on each individual are satisfied the property can be attached in default of full payment of the aggregate amounts at any time and consequently the sums due to Govt on these two heads may be recovered one after the other without any serious loss to Govt.

Under these circumstances we humbly pray that you will be graciously pleased to submit our grievances for the benign consideration of Govt with your warm support and to issue orders to Offices not to make any deductions in the meantime out of our pay on account of value of sites until final orders are passed by Govt in the matter.

It will not be out of place to mention here that the Superintendent Mysore Revenue Survey Dept. has, with reference to a similar representation from the officials of his Dept, we hear, strongly recommended to

to Govt: for enforcing Govt Proceedings in Execution only after the house building advance has been fully cleared and pending Govt orders no deduction is made we hear, from the pay of these officials

For this act of kindness we shall ever pray.

THE SECRETARY TO GOVERNMENT,

GENERAL AND REVENUE DEPARTMENTS.

Sir,

With reference to the enclosed copies of letters Nos —— and C 182 dated 31st January and 5th February 1901 respectively from the Deputy Commissioner, Bangalore District, I have the honour to observe that the recovery each month of 1/10 of the salaries of the subordinates towards the cost of sites, in addition to the ¼ thereof which is deducted on account of the house building advances drawn by them and 1/10 of it for the premium on their insurance policies, operates very hardly on officials on small salaries, especially at the present time when articles of consumption are so dear that it is difficult for them to meet their daily expenses even with their entire pay. I beg therefore to recommend that the Government may be pleased to direct that, in the case of officials and peons at least, the value of the house sites taken up by them may be recovered in monthly instalments (perhaps larger than what is now demanded) after the house building advances are completely recovered and in continuation of the same. Otherwise it i to be feared that many of them will be involved in financial difficulties and

obliged

obliged to give up their houses or sites which I feel sure is not what the Government desire.

Senior Member of Council,
Mysore Government.

espected Sir,

We, the undersigned residents of the Malleswaram Extension of the Bangalore City, beg most respectfully to approach you with this our humble memorial, trusting that the same will receive your favourable consideration.

We have to submit to you that the recent order of Government, directing the recovery of the cost of building sites granted to Government officials in the Malleswaram and Basavangudi Extensions, by deduction of a tenth of their pay every month, operates very hardly on the poorer classes of officials. These are times when prices of food grains have gone so abnormally high that many of the officials find it impossible to meet their daily necessaries even with their entire pay. Besides, they have already had to pay a tenth of their pay for the insurance premium and a fourth for the instalment for House Building Advance and after these two payments they will have only 13/20th or a little more than half of their pay - and if from this small remainder another one tenth of pay is deducted towards the cost of sites, there is no doubt that their difficulties will be aggravated and living becomes an utter impossibility. Many of the officials are hard put and badly in debts on account of their having undertaken

42

the task of building houses without any experience or knowledge whatever of the attendant difficulties and unless the Government sympathise with them and extend to them the kindness which they have been most anxiously looking for, they will have to continue to suffer the bitter hardship.

Under these circumstances we venture to approach you with a prayer that you may be pleased to reconsider the order above referred to and to direct the recovery of the cost of building sites due by Government officials, after the instalments for house building advances are all completely paid up and in continuation of the same, by deduction of a fourth of their pay.
